Enbridge Gas Inc. has applied to the Ontario Energy Board for an order granting leave to construct natural gas pipelines in the Tyendinaga Mohawk Territory and the Township of Tyendinaga, in Hastings County. The pipelines consist of approximately 2.8 km of Nominal Pipe Size (NPS) 4-inch polyethylene (PE) natural gas distribution pipeline, and approximately 14.5 km of NPS 2-inch PE natural gas distribution pipeline. Enbridge Gas Inc. is also proposing to construct ancillary facilities. The location of the proposed pipelines is shown in the map.

Enbridge Gas Inc. is also asking the Ontario Energy Board to approve the form of agreement that it has offered or will offer to landowners affected by the routing or location of the proposed pipelines.

Enbridge Gas Inc. states that the pipelines are needed to supply natural gas to approximately 151 customers in the community of Mohawks of the Bay of Quinte First Nation and approximately 28 customers in Tyendinaga Township in the community of Shannonville, who currently do not have access to natural gas service. Enbridge Gas Inc. states that it intends to charge the OEB-approved System Expansion Surcharge to all new customers that will be taking service from the project.

Enbridge Gas Inc. states that on June 9, 2021, the proposed project (also referred to as the Mohawks of the Bay of Quinte Community Expansion Project), was approved to receive funding assistance under Phase 2 of the Government of Ontario's Natural Gas Expansion Program.

Please review the application for more information about the proposed project.
