## Enbridge Gas Inc. has applied to the Ontario Energy Board for approval to construct 5.7 kilometres of natural gas pipeline, in the Municipality of Chatham Kent

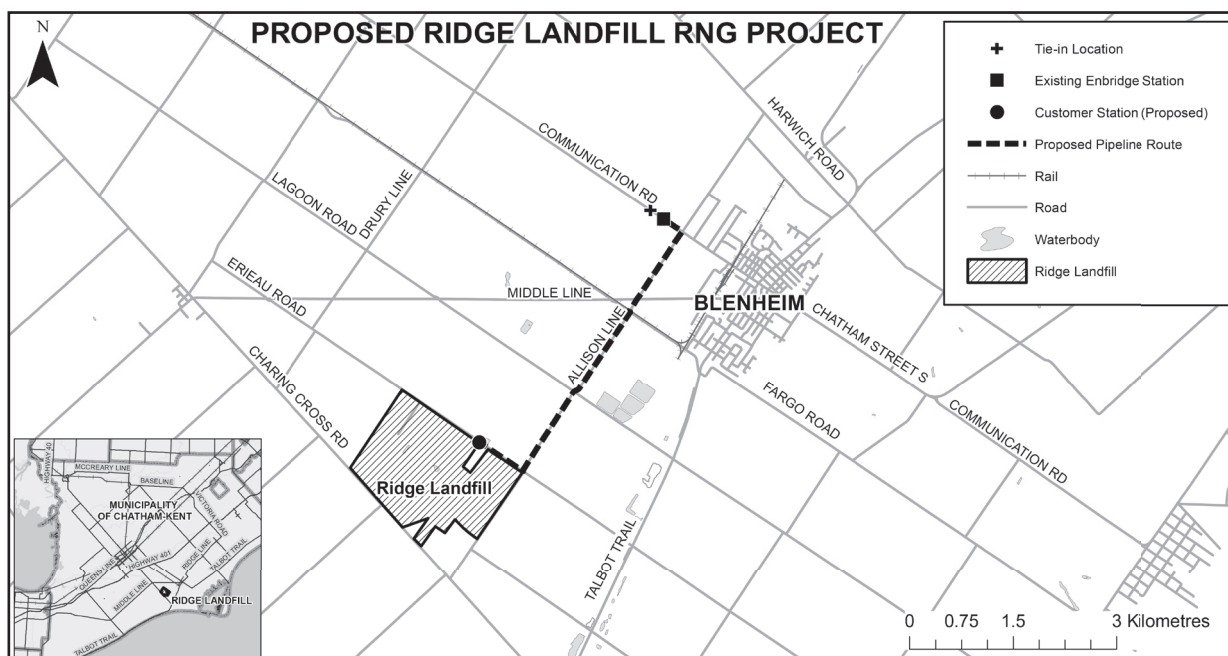

Learn more. Have your say.

Enbridge Gas Inc. has applied to the Ontario Energy Board for approval to construct approximately 5.7 kilometres of 4-inch diameter extra high pressure steel pipeline, in Blenheim, in the Municipality of Chatham Kent. The proposed pipeline will transport renewable natural gas produced at Waste Connections of Canada Inc.'s planned renewable natural gas facility at Ridge Landfill and connect to Enbridge Gas Inc.'s natural gas distribution system. Enbridge Gas Inc. also plans to construct a renewable natural gas injection station at Ridge Landfill.

Enbridge Gas Inc. states that Waste Connections of Canada Inc. plans to build and operate renewable natural gas gathering, upgrading and compression facilities at Ridge Landfill, a waste disposal facility, in Blenheim. The new renewable natural gas facility will produce and convert landfill gas into renewable natural gas, suitable for injection into Enbridge Gas Inc.'s distribution system. Enbridge Gas Inc. states that Waste Connections of Canada Inc. will pay for the project and that it will have no cost impact on existing ratepayers.

Enbridge Gas Inc. has also applied for approval of the forms of agreements that it has offered or will offer to landowners affected by the routing or location of the proposed pipeline.

The location of the proposed project is shown on the map.

### THE ONTARIO ENERGY BOARD WILL HOLD A PUBLIC HEARING

The Ontario Energy Board (OEB) will hold a public hearing to consider Enbridge Gas's application. During the hearing, which could be an oral or written hearing, we will question Enbridge Gas on the case. We will also hear questions and arguments from individual consumers, municipalities and others whose interests would be affected. At the end of this hearing, the OEB will decide whether to approve the application.

As part of its review of this application, the OEB will assess Enbridge Gas's compliance with the OEB's Environmental Guidelines for the Location, Construction and Operation of Hydrocarbon Pipelines and Facilities in Ontario.

The OEB will also assess whether the duty to consult with Indigenous Communities potentially affected by the proposed pipeline has been discharged with respect to the application.

More information on the types of issues that the OEB may consider are provided on the OEB's website in the form of a standard issues list: <https://www.oeb.ca/sites/default/files/issues-list-LTC-natural-gas.pdf>

The OEB is an independent and impartial public agency. We make decisions that serve the public interest. Our goal is to promote a financially viable and efficient energy sector that provides you with reliable energy services at a reasonable cost.
